

Incredible Technologies Showpiece™ Cabinet

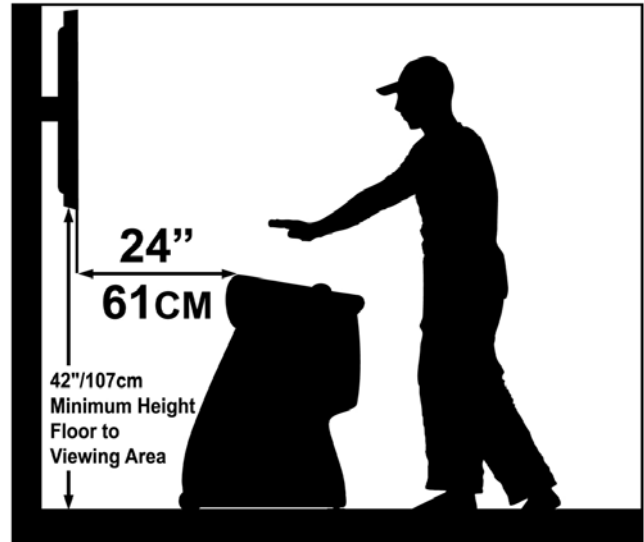

MOUNT MAIN SCREEN DISPLAY FOR SHOWPIECE CABINET

Position the Showpiece cabinet in front of an HDTV of your choice. The size and model of the display you choose should depend on your location. Incredible Technologies recommends 720p flat panel HDTVs from 32" or larger, with 42" being ideal.

The HDTV can be mounted to a wall or to an appropriate display stand. Be sure that the top of the Showpiece cabinet has at least 24" clearance in all directions. Insufficient clearance may result in damage to your display or player injury.

Recommended height for your display may vary depending on your location and player base. As a general rule, the minimum height of the bottom of the display viewing area should be 42" from the floor.

There are many manufacturers of quality HDTV stands and wall mounts, and you are encouraged to shop for the unit that will work best for your various locations. Below are some recommended websites that may be suitable for your needs.

WALL MOUNTS FOR 42" HDTV:

Target.com: Low Profile Fixed Wall Mount for 30-50" TV Kit for Dummies - Black (8310DB)

Walmart.com: Level Mount Fixed/Tilt Mount Fits 26-50" TV

Peerlessmounts.com: Universal Flat Wall Mount For 32" to 50" LCD and Plasma Flat Panel Screens

Monoprice.com: Wide variety of wall mount brackets

FLOOR STANDS FOR 42" HDTV:

Peerlessmounts.com: SGLB 01 or SGLS 01 Flat Panel TV Stand for 32" - 50" LCD and Plasma Screens

PremierMounts.com: PSD-TS72B Floor stand, 72" black poles

Can hold 42" TV at proper height and suitable computer monitor above it for secondary monitor

CABLE PROTECTORS

You may want to cover your cables for safety concerns, as well as for a cleaner, more finished look.

Cabletiesandmore.com is a recommended source.
